SESSION 1-1

WHY DO WE FALL IN LOVE?

## A CLASSIC LOVE STORY

[noun]: person, place, or thing

[verb]: action word

[adjective]: describing word

Once there was a [type of person] \_\_\_\_\_ named [man's name] \_\_\_\_\_ who fell in love with a [type of person] \_\_\_\_\_ named [woman's name] \_\_\_\_\_. It was a match made in [place name beginning with a capital letter] \_\_\_\_\_.

Here's how things developed. [man—same name throughout] \_\_\_\_\_ and [woman—same name throughout] \_\_\_\_\_ used to shop at the same [type of store] \_\_\_\_\_. [man] \_\_\_\_\_ would usually go in the [time of day] \_\_\_\_\_ to pick up a few [adjective] \_\_\_\_\_ [small object, plural] \_\_\_\_\_ for his [large object] \_\_\_\_\_, while [woman] \_\_\_\_\_ would go in the [time of day] \_\_\_\_\_ to find [adjective] \_\_\_\_\_ [object, plural] \_\_\_\_\_ to use in her [room of house] \_\_\_\_\_ for better [verb + ing] \_\_\_\_\_.

One day when it was [kind of weather] \_\_\_\_\_, the [same type of store] \_\_\_\_\_ changed its hours and [man] \_\_\_\_\_ and [woman] \_\_\_\_\_ ended up going there at the same time. [man] \_\_\_\_\_ was in a big hurry because he had just found out that [something that can go wrong with a house] \_\_\_\_\_. [woman] \_\_\_\_\_ was feeling quite [adjective] \_\_\_\_\_ that day, since her [type of relative] \_\_\_\_\_ had just told her, [something critical people say to one another] “\_\_\_\_\_.”

Now you have to understand that [man] \_\_\_\_\_ wasn't your average guy. He was much more [adjective] \_\_\_\_\_ than most. So when he saw [woman] \_\_\_\_\_ [verb + ing] \_\_\_\_\_ [emotion + ly] \_\_\_\_\_ in the back aisle of the store, his first thought was [phrase or interjection] “\_\_\_\_\_.”

He turned away and began [verb + ing] \_\_\_\_\_ his [body part] \_\_\_\_\_. But then his curiosity got the better of him. Taking a [adjective] \_\_\_\_\_ look, he noticed that [woman] \_\_\_\_\_ was unusually [adjective] \_\_\_\_\_. He [verb + ed] \_\_\_\_\_ over to her and asked her in a [adjective] \_\_\_\_\_ voice, [a question] “\_\_\_\_\_?” [woman] \_\_\_\_\_ looked at him with no hint of [emotion] \_\_\_\_\_ and said, [an answer to a question] “\_\_\_\_\_.”

At that, they both [verb + ed] \_\_\_\_\_.

It was a [adjective] \_\_\_\_\_ moment. Then they finished their shopping and went their separate ways.

After that, [man] \_\_\_\_\_ and [woman] \_\_\_\_\_ started bumping into each other regularly. It always left [man] \_\_\_\_\_ feeling [adjective] \_\_\_\_\_, because of the way that she [verb + ed] \_\_\_\_\_ [noun, plural] \_\_\_\_\_. And [woman] \_\_\_\_\_ found his [noun, plural] \_\_\_\_\_ to be downright [adjective] \_\_\_\_\_. They began meeting for coffee every [a period of time] \_\_\_\_\_. [man] \_\_\_\_\_ really liked [type of music] \_\_\_\_\_ but learned that [woman] \_\_\_\_\_ preferred [type of music] \_\_\_\_\_. [Woman + 's] \_\_\_\_\_ favorite movie was [a movie] \_\_\_\_\_ but she learned that [man] \_\_\_\_\_ would rather stay home and read [title of a book] \_\_\_\_\_. They had certain [adjective] \_\_\_\_\_ things in common, but also a lot to learn from one another. The situation was [adjective] \_\_\_\_\_, truly [same adjective] \_\_\_\_\_.

Then something [adjective] \_\_\_\_\_ happened. [woman] \_\_\_\_\_ got word that she had to move away suddenly to [city] \_\_\_\_\_. Overnight, [man] \_\_\_\_\_ felt like a [adjective] \_\_\_\_\_ [animal] \_\_\_\_\_. Every time he thought of [woman] \_\_\_\_\_, it was like [noun, plural] \_\_\_\_\_ in [season] \_\_\_\_\_. He was a [noun] \_\_\_\_\_ without a [noun] \_\_\_\_\_. His heart was [adjective] \_\_\_\_\_.

Meanwhile, for [woman] \_\_\_\_\_, not seeing [man] \_\_\_\_\_ anymore felt like a [noun] \_\_\_\_\_ in her [body part] \_\_\_\_\_. She couldn't make sense of it. Daily life became a [adjective] \_\_\_\_\_ game of [game] \_\_\_\_\_ for her.

Well, without telling you every single thing that happened, let's just say that after [number] \_\_\_\_\_ months of this [adjective] \_\_\_\_\_ state of affairs, [man] \_\_\_\_\_ and [woman] \_\_\_\_\_ couldn't take it anymore. They both moved to [city] \_\_\_\_\_, got married, and set up a successful small business making [noun, plural] \_\_\_\_\_ for [adjective] \_\_\_\_\_ [noun, plural] \_\_\_\_\_, with their personal motto being [a saying] "\_\_\_\_\_."

A few years later they had the first of their [number] \_\_\_\_\_ children, and in the years to come, they were known everywhere as the [adjective + est] \_\_\_\_\_ family this side of [a country] \_\_\_\_\_.
